

# HOW CONFIDENT MATH TEACHER LABSITE WORKS

The Confident Math Teacher Labsite is a transformative experience that takes place over the course of four school days during PLC time and during instructional time.

The four days can be scheduled in a one-week experience or up to 4-week experience.

## MATH AUTOBIOGRAPHY

Teachers reflect on their own math identity.

Consider how their own experiences learning math influences how they teach math.

## BE A MATH PERSON

Teachers sit in the seat of a math problem solver.

Engage in doing rich math tasks.

Identify features of “rich tasks”.

## COLLABORATIVE PLANNING

Teachers dig into their curriculum guide OR supplemental resources.

Select / modify rich tasks for implementation.

## IMPLEMENTATION

Teachers implement the tasks with their students.

Huddle in real time to debrief and adjust.

Debrief in afternoon professional session.
